

Animal Pots Photo Examples 2

There are so many ways to make animal pots. These are just a small sample of examples of turtle pots. Use your imagination and create your own style and design.

The above examples are ceramic. They have been fired once in the kiln (clay oven). Clay fired once is bisque ware.

These last 2 examples are both "green ware", raw clay that has not been fired (baked in a kiln) yet. These 2 animal pots were made by teachers at an in-service I hosted when I was an art teacher. The Turtle Pot shows some great detail. The Cat Pot shows a playful imagination. Be sure to use yours.
