

Yikes! Ouch! Please, not this again.
Please don't press so hard on
my sensitive skin.
This pencil is so dark.
It's so hard to erase.
I'll tear and I'll wrip all over
the place.

Please...draw lightly; be gentle.
I'm in heaven when you're kind.
It's no problem to erase,
If you want to change your mind.

I like
drawing light.
It just feels
so right.
