

Printingmaking-Create Symmetrical Images

1) Fold the paper in 1/2.

2) Draw 1/2 of a butterfly with paint. Half a butterfly looks a little like the letter 'B'.

Add different kinds of lines & shapes to make design interesting. Look at real butterflies, or photos, examples of art and elements of art to get more ideas.

* Drawing a pencil border around outside edge, before applying paint, will help prevent paint from oozing out when pressing in Step 3). Erase when dry.

3) Fold again & press gently all around the paper. Open & let dry.

4) Have fun; color.

All the examples are the same "style", by the same artist, me. Don't copy. Create your own stlye. Use your imagination.

****You can try this with any simple image.****
